Rate increase OK with 75% of residents????

Less than 25% of customers on the Tega Cay Water Service have filed a protest letter with the SC Public Service Commission (SC PSC) as of today. I'm sure that TCWS (Utilities, Inc.) are reading this as approval of the increase. They certainly will spin this as positive approval by their customers to the SC PSC. Unless we get a greater response to the PSC from our fellow customers, the PSC will read the 48% rate increase as OK.

So what can you do?????

1. File a protest form at the Tega Cay Fall Festival
2. Go to sc psc via Google, click on customer info, click on letter of protest and fill out form.
3. If you have already filed a protest, pls. call one of your neighbors and ask them if they have filed. If so, could they call another neighbor, and ask them to file.

It's up to you....Without your help, your water/sewer bill will go up about 48% This is on top of the 18% increase TCWS got in 2010...and how much are they gonna ask for in 2014??
